### COMMENTS

Pico De Gallo is a great garnish for tacos, salads, or about anything else you can think of. It even makes a great salsa with a bag of chips.

There are no preservatives in home made salsa. Refrigerate after you make it, and when you're not serving it. Make only as much as you will use in a day or two. If you like spicier salsa, add more peppers. The roma tomatoes make for a meatier salsa. Feel free to substitute other types of peppers and tomatoes based on preference and availability.

Enjoy!
